

Eastman Tritan™ Copolyester TX1001

Under regulations administered by the U.S. Food and Drug Administration (FDA), this product, as supplied by Eastman Chemical Company, may lawfully be used on the basis of 21 CFR 174.5(d)(5) as a component in the manufacture of repeated use food-contact articles as described in Food Contact Notification (FCN) No. 729 (<http://vm.cfsan.fda.gov/~dms/opa-fcn.html>). The finished food contact article containing this polymer is intended to contact all types of food at temperatures up to and including 100°C (for definitions of food types, refer to Tables 1 and 2 at website <http://www.cfsan.fda.gov/~rdb/opa-fcn3.html>). The additive(s) present in this formulation are lawful for use in substances for food-contact applications including those described in the FCN listed above. The use of this product is also subject to the limitations stated in 21 CFR 174.5.

It is the responsibility of our customers to determine that their use of our product(s) is safe, lawful, and technically suitable in their intended applications. Because of possible changes in the law and in regulations, as well as possible changes in our products, we cannot guarantee that the status of this product will remain unchanged. We therefore, recommend that customers continuing to use this product verify its status periodically. For additional information about this product, please contact your Eastman representative or visit our website at www.eastman.com.
